AP 630

Enterprise-grade 4x4, 4-stream, 802.11ax Access Point
with integrated antennas

AEROHIVE
N E T W O R K S

AP 630

The AP630 is designed for high performance environments, combining the latest in Wi-Fi standards (IEEE 802.11ax technology) with Aerohive's HiveOS software and HiveManager network management system.

AP630 also enables IOT readiness with built in BLE and USB port.
Solving Real World Problems

AP630

- **High performance indoor environments** with HD video streaming, large file transfers and HD video collaboration applications.

- **High client density environments** where most/all clients are 802.11ac or newer.

- Environments expecting to use **Voice over Wi-Fi** in addition to data.

- Environments expected to use **IOT applications** like BLE at deployment or in the future

Hardware Specifications

- 4x4:4 802.11ax ready Access Point with integrated antennas
- Support for 802.11ax
- 2x 1G Ethernet ports
- Built in BLE for iBeacon and beacon management applications
- USB support for future IoT use cases
- Console port for CLI access

Physical

- Dimensions: 225mm X 225mm X 37mm
- Weight: 240g
- Shipping Physical Dimensions: *<coming soon>*
- Operating Temperature Range: *<coming soon>*
